SADIA MOMOTAJ ANONNA	1537530
SONIA TABASSUM ANTU	1716978
CHOWDHURY MD ABU SAYED	1711237

➢ **Group contribution:**

In our system, since we have nine pages in total, we divided approximately 2 for each person. Every single person tried hard to prepare the website as perfect as possible.

➢ **Future enhancement:**

Name	Contribution	Future enhancement
Ferdous	• Pages: Home page, Conference program, Conference committee • Web element: slide show, effect	- Add another few more menus and two more pages to clarify the website in a better way. - To prepare a complete slide show including fees and conference information for conference committee page.
Tabassum	• Pages: Keynote speeches.	- To add more URL links so that users might know detail about the committee members more.

Sadia	• Pages: Contact page, Conference fees • Web element: google map	- To add a properly usable google map and also to decorate page clearly.
Tasnim	• Pages: Call for papers & Important Dates, Submission Guidelines, Registration page. • Web element: addEventListener, button	- To reduce theoretical items on page, to add more hyperlinks. - To create a box regarding the important schedule since now simple html is been used to create this one. - To make the registration page clearer.
Sayed	• Pages: Previous ICT4M	- To include more incidents.

➢ **Modification and report:**

Team member	Task
Ferdous	• Modification • Combining web pages
Tasnim	• Writing read me file • Combing activities

➢ **Reference:**
In order to find some detail and sharing URL we used the previous ICT4M website more like a sample.
